

Technical drawing of a square plate with a central circular hole and a square feature. The overall dimensions are 900 ± 2 mm by 900 ± 2 mm. The central hole has a diameter of 125 ± 1 mm. The square feature has a side length of 125 ± 1 mm and a fillet radius of R10. The drawing includes various dimension lines and tolerances.

Technical drawing of a square plate with a central circular hole. The overall dimensions are 1000 mm by 900 mm, with a tolerance of ± 2 mm. The central hole has a diameter of 125 ± 1 mm. The plate features a central square area with a side length of 125 mm, a fillet radius of R10, and a central circular hole. The drawing includes various dimension lines and tolerances, such as 900 ± 2 , 1000 ± 2 , 125 ± 1 , and $R10$. A section line A-A is indicated on the left side.

Technical drawing of a rectangular table top with a central circular hole. The drawing shows a rectangular frame with a central circular cutout. Dimensions include overall width 1600 ± 3,5, overall height 900 ± 2, and a central hole diameter of 125 ± 1. The drawing also shows a central crosshair and a small square feature near the center.

Technical drawing of a rectangular plate with a central circular hole and a square feature. The drawing includes the following dimensions and features:

- Overall width: $1600 \pm 3,5$
- Overall height: 1000 ± 2
- Central hole diameter: 125 ± 1
- Offset from left edge to centerline: 800
- Offset from top edge to centerline: 500
- Offset from bottom edge to centerline: 500
- Offset from right edge to centerline: 800
- Offset from top edge to outer edge: (50)
- Offset from bottom edge to outer edge: 50
- Offset from left edge to outer edge: (50)
- Offset from right edge to outer edge: (50)
- Radius of the square feature: $R10$
- Section line A-A is indicated on the left.
